DRAFT

Objective

To provide women in the LA County with access to the resources and support services so that they may achieve self sufficiency, and financial/economic stability.

Goal 1

To provide educational opportunities to our scholarship recipients (young women), and others (domestic violence victims, homeless etc..) to manage their personal economic issues.

Goal 2

To educate women in the LA County on latest federal/state/city policy changes, ballots items, new laws and regulations that may affect their economic status.

Goal 3

To broaden the Commissions' base within the small business sector, and connect with women seeking the tools to strengthen and support their business; whether a start up or existing small business.
